

Video Production Internship Opportunity

360 Sports Inc. and Pro Football Camp, a non-profit organization, are offering a hands-on internship for the Fall, Spring & Summer semesters. Specifically we need a student with creative skills who can assist with creating videos, such as:

- 360 constantly needs to update our website, which has a lot of video on it. We have several hours of new interviews of our clients and we need to put them together into videos that we can upload onto our website, www.360SportsLLC.com.
- 360 also has a non-public website for our new clients. We have several ideas for videos that we'd like to create.
- Pro Football Camp, www.profootballcamp.com, has hours of interviews and footage from our camp that need to be made into videos, e.g. testimonials from coaches, kids & parents as to why someone should come to our camp; testimonials from NFL athletes about why they donate their time each year to coach at the Pro Football Camp; testimonials from volunteers as to why they should volunteer, etc. We're planning to re-design our website and utilize a lot more video to share information about the camp. Furthermore, we have a YouTube account for PFC that we will upload the videos to and we will be using videos on our social media sites to promote the camp

In all cases, the intern will have hands-on experience: taking direction, writing a creative brief, scripting, editing and producing these videos. In addition to being strong creatively and with Mac video production programs, candidate must be articulate, a good communicator and writer, detail oriented, and a good problem solver.

Interested candidates should research company(s) on the web: www.360SportsLLC.com and www.profootballcamp.com. Send letter outlining why they are interested, what they hope to accomplish from their internship, their qualifications and the timeframe they'd like to apply for, e.g. Spring, Summer or Fall internship and send a resume to:
